Important Information About Valuations

- The Society will carry out a basic mortgage valuation, or equivalent, to confirm the property forms suitable security for the mortgage you have applied for. This report is designed for the benefit of us as a lender only and does not include full details about the condition of the property.
- This report may not include a physical inspection and your client may not receive a copy of the report.
- Before purchasing a property your client may want to consider having a survey of the property's condition. Legal & General Surveying Services provides such a service via their SmartSurvey (and other survey options). This transaction, including any charges, will be independent of Teachers Building Society. We do not receive any commission.
